FACE ON FIRE

I had Eczema of the scaly, itchy kind seven years. I thought my face and arms were afire. My face was full of large white scales, and my head was full of sores. I was ashamed to go in company. I took five bottles of CUTICURA RESOLVENT, washed with CUTICURA SOAP, put on CUTICURA (ointment), and found great relief instantly, and got a clean face again, thanks to CUTICURA.

SPANIARDS REFUSE.

Propositions of American Envoys Rejected.

No Counter-Proposition Was Presented.

Negotiations Have Not Been Broken Off.

Philippine Question Discussed at Joint Session--Adjournment Taken Until Next Tuesday.

PARIS, Nov. 4.—The joint session of the peace commissions today lasted two hours. The Spaniards refused the propositions made by the Americans on Monday last, but the negotiations were not broken off. While it is believed that no formal counter-proposition was made, there was a discussion of the Philippine question outside the lines of the American propositions. The commissions then adjourned until Tuesday next.

THE GOSSIP IN PARIS.

PARIS, Nov. 4.—A statement is printed here today with much prominence that at today's joint session of the peace commissions the Americans will insist upon a complete surrender of Spain's sovereignty over the Philippine islands and that, in the event of the Spanish commissioners refusing to agree to this, Judge Day, president of the American commission, acting under instructions from Washington, will present an untimatum to the Spaniards.

It is further alleged that this seeming haste is due to a desire to settle the negotiations before the elections in the United States take place. Reference is made to these allegations in view of the fact that they may have also been circulated in the United States.

But there is no truth in the statements made. No ultimatum is contemplated and there is no probability of drastic measures being taken by the Americans. The two commissions are now considering an open question and the Americans expect to patiently weigh all the points involved and to carefully consider the arguments of the Spaniards.

The two commissions met at 2 o'clock this afternoon. The Americans were aware, before the session opened, that the Spaniards would decline their proposal made on Monday last.

The Gaulois today says it has been informed on absolutely reliable authority that Spain will refuse to discuss the unconditional surrender of the Philippine islands. Spain, it is further asserted, had made particular reservations concerning the retention of the Philippine islands, and the Spanish minister of foreign affairs, Duke Almodovar de Rio, had himself, at the time of signing the peace protocol, stipulated that the island of Luzon alone should remain occupied by the American troops while the peace negotiations were in progress, and that Spain would resume sovereignty over the archipelago as soon as a more liberal form of government for the islands should have been decided upon.

The Freund says:

"The claims of the United States on the Philippine islands are looked upon with disfavor at St. Petersburg. The powers might, in case of America proving too obstinate on this point, be provoked to protest."

The Evenment says:

"'Your money or your life,' is the attitude taken by America in regard to Spain. The latter, having no money, offers Porto Rico and the abandonment of Cuba and thinks she has thus discharged her ransom.

"'Pardon me,' answers Jonathan, 'you yet have the Philippine islands, which are only an encumbrance to you. I will relieve you of them. Why? Because, with Fontaine, I have the strongest reasons for so doing.'"

CLOSED WITH A RALLY.

The Prohibitionists End Their Campaign With Enthusiastic Speeches.

The prohibitionists closed their campaign yesterday by giving a final rally at the city hall. Meetings were held in the afternoon and evening. The chief spirit at the meetings was the Rev. Aaron Worth, of the Wesleyan church, of Briant, Jay county, Ind. He delivered two strong temperance talks. Henry C. Schrader, prohibition candidate for congress, presided at the meeting and music for the occasion was furnished by the preachers' quartet. Perhaps 100 voters attended the meetings and there was a fair sprinkling of women, most of whom were members of the W. C. T. U.

"BEN HUR" TONIGHT.

Home Talent Will Appear in This Extraordinary Entertainment at the Temple.

Clark's superb spectacular piece, "Ben Hur," for which preparations have been going on several weeks, will be presented on the Temple stage this evening by home talent. The advance sale has been good and a good house is expected. There will be a matinee tomorrow afternoon, which will be largely attended by ladies and children, and tomorrow evening will be given the closing performance. The ladies of Trinity church, under whose auspices the entertainment is given, are deserving of praise for bringing to the city such a magnificent attraction and it is to be hoped that their efforts will be appreciated by a liberal patronage. A car load of special scenery is used in the production of "Ben Hur."

CLOSE OF CAMPAIGN.

Hon. S. E. Morss Will Speak at City Hall Tonight.

The Brilliant Editor Will Talk to the Citizens of His Old Home--Other Meetings.

Hon. Samuel E. Morss, editor of the Indianapolis Sentinel, will address the citizens of Fort Wayne this evening at the city hall, practically closing the campaign in the city for the democrats. Mr. Morss is a gifted writer and on the rostrum ranks as one of the best orators of the state. Twenty years ago he was editor of THE SENTINEL and everybody who knew him then will want to hear him now. Mr. Morss has always been a thorough and consistent democrat and was honored by President Cleveland, who appointed him consul to Paris. Those who attend the meeting are certain to hear an able discussion of the political issues of the day.

Hon. R. S. Taylor and Dr. C. B. Stemen will make republican speeches at the Princess rink tonight. The meeting has been extensively advertised and personal letters were sent to republicans to attend the meeting.

Hon. James M. Barrett, Bob Shirley and Ed Orff addressed a large audience of democrats and republicans in Jourdan's hall in the Eighth ward last evening.

The members of the art department of the Women's Club League are holding a meeting this afternoon in the assembly room of the public library building to select pictures for the primary schools. SCORNED MARCHAND

The Frenchman Made Overtures to the Khalifa.

Sent French Flags to be Hoisted at Omdurman.

Offered Dervish Chief Protection of France.

Letter and Flags Now in Possession of the English--A Story That Has Excited London.

NEW YORK, Nov. 4.—A dispatch to the Times from London says:

A story of the greatest gravity, circulating among persons in touch with official quarters, alleges that when Major Marchand reached Fashoda he sent two messengers with three French flags to the khalifa and a letter saying if the khalifa hoisted these flags at Omdurman he would be under the protection of "the great French nation" and the British would not fire upon him.

The khalifa replied that two British "dogs" had attacked Soudan; one "dog" named Gordon had been killed, while the other "dog" named Kitchener he was about to kill.

He would then wipe out the French. Both of these letters and the three flags are said to have been captured by the sirdar's officers.

WILL WITHDRAW FROM FASHODA.

PARIS, Nov. 4.—A semi-official note issued this evening says the government has resolved not to retain the Marchand mission at Fashoda, adding that this decision was arrived at by the cabinet after an exhaustive examination of the question. The government, replying to an interpellation to be asked in the chamber of deputies, will avail itself of the opportunity to explain the motives for this resolution.

WILL GROW HERE.

A. M. Schmidt Raised Three Cotton Plants in His Yard.

Jack Frost's Visit Came Too Early and the Bolls Were All Frozen--Three Hundred of Them.

A. M. Schmidt this morning showed THE SENTINEL a cotton boll taken from a plant grown in his yard at No. 95 East Washington street. The boll was frozen, but with two weeks more of warm weather would have ripened. Mr. Schmidt planted four cotton seeds last spring and three of them grew into producing plants. On these plants are almost three hundred bolls. Mr. Schmidt is confident that had he planted the seeds two weeks sooner the bolls would have ripened. This experiment, as well as others that have been made, demonstrates that the northern summers are to short for it to be practicable to raise cotton here.

TROOPS MOVING UP.

Chinese Forces Approaching the City of Pekin.

Is in Violation of Promise Made to the Powers.

Kang-Ye Obtains Great Influence Over Dowager Empress.

Foreign Drilled Troops Near at Hand and There May be a Collision of Rival Forces.

PEKIN, Nov. 4.—In spite of the formal promises of the Chinese foreign office, there is every indication of a concerted move of Chinese troops in the neighborhood of the capital.

It is said that Kang-Ye, the high Manchur official, who was next in rank to the late Prince Koung in the Kioun-Ki-Tchou, or council of state, has obtained great influence over the dowager empress. He is bitterly anti-foreign and hopelessly conservative. It is probable that Kang-Ye was the instigator of the edict re-establishing the bow and arrow exercise for the Chinese soldiers.

It is reported that Yuan-Shek-Hai, the Chinese general, in command of the foreign drilled troops at Tien Tsin and an officer whose power is much dreaded by the dowager empress and her advisors, has received a grant of money, ostensibly for the purpose of increasing the strength of his division to 30,000 men "if time shows that the dowager empress can rely upon his fidelity."

It has been said that Yuan-Shek-Hai might use his troops in conformity with the views of the foreign ministers at Pekin.

THE Panama is in the habit of taking things too easy to succumb to any storm that ever blew through the Windward Passage. While yet a Spanish boat the big transport surrendered to the little lighthouse tender Mangrova, which did not mount a gun and had no armament heavier than a horse pistol. She was one of the richest prizes of the war and didn't cost a shot.

JACOB MOERCK, of New York, has by application to the courts had the name of his son, Rolf, who is a budding musical genius, changed to Brandt Rantzau, on the ground that the real name being plebeian and unattractive would have ruined the boy's artistic career, while the assumed cognomen, being romantic, picturesque and musical, will assist him to popularity and fame.

THE attorney general of South Carolina has just made a ruling relative to what the size of a graveyard may be. He says the size is not limited by law, and may be a mile square or more. The land must not be used for any other purpose than as a burial place, and the graveyard must not be held with a view to profit or speculation. The case came up in the matter of the seizure of the old Maverick plantation graveyard, in Pickens county, for back taxes.

TO BE sure you are right before going ahead is a precept that could have been beneficently practiced by several hundred people of Waterbury, Conn., who the other day made a run on a savings bank on a rumor that the bank was in straits. After about $50,000 had been withdrawn it was discovered by the excited Nutmeggers that they were assaulting the wrong bank. It was another institution that was shaky.

REV. DR. PARKHURST, who is this year much more than he wants to be, a looker-on in New York, has got this far: "I do not say that I shall or that I shall not vote for him (Roosevelt), but I do say that at the very moment when the Grubers and the Payns are knifing him on election day some of his friends that he has turned his back upon will be depositing for him a ballot that means admiration for the man at the same time that it means abhorrence of the candidate."

EXPANSION means a lot of things that the people should discuss and study and become familiar with before such a policy is adopted and its fulfillment begun. More territory, alien interests and responsibilities and ten millions of Malays to keep in subjection may be what the people of the United States want and may be inseparable from our national destiny. But let us decide on these grave matters without hurrah and excitement and appeal to partisan passion. So much is involved in these strange responsibilities, whose fruits for good or ill will be garnered in perpetual consequences, that when the country decides on treading paths as yet unblazed the wisdom and the patriotism of the country should be one.

MUNICIPAL AFFAIRS.

Finance Committee Cuts Down an Appropriation.

Board of Works Gets $500 Less Than Was Asked for--Routine Business Transacted by the Board.

The committee on finance last evening met in the clerk's office and discussed the ordinance appropriating $3,000 for street cleaning and repair work. The board of works asked for $2,000 for street cleaning purposes and $1,000 for repair work and the ordinance as introduced provided for these sums. The committee, after a thorough discussion, decided to cut down the street cleaning appropriation to $1,800 and the appropriation for repairs to $700. A recommendation will be made that $2,500 instead of $3,000 be appropriated.

BOARD OF WORKS.

The board met to hear remonstrances to certain improvements but there were no objectors present.

The bond of Fred W. Schmidt, for the raising and relaying of sidewalks in front of his premises was approved.

Sealed proposals were opened for the improvement by grading, of the alley between the Maumee road and Oak street, from Division street to Chute street, and the clerk announced that but one bid had been filed. It was the proposal of John Draker, who agreed to grade the alley named at the rate of 8 cents a running foot, and the contract was awarded to him at that price.

No objections or remonstrances were filed against the paving of the alley between Main and Berry streets, from Maiden Lane to Webster street, and the resolution providing for the same was approved.

The resolution providing for the pavement of the alley between Jefferson and Lewis streets, from Calhoun to Harrison street, was confirmed, there being no remonstrance against it.

In the case of improvement resolution No. 161, providing for the pavement of the alley between Calhoun and Harrison streets, from Lewis street to Jefferson street, there had been a remonstrance filed at a previous meeting and the resolution was rescinded last evening.

Improvement resolution No. 162, providing for the construction of a brick sidewalk on the east side of Caroline street, from Pontiac street to Suttenfield street, was rescinded, as was the resolution providing for the construction of a vitrified brick sewer between Main street and Elm street, from the St. Mary's river to Mechanics' street.

Local sewer resolution No. 57, providing for the construction of a vitrified clay pipe sewer under the alley south of Putnam street, from Andrew street to Sherman street, was confirmed, there being no objections to the same.

The assessment rolls for the paving of High street were approved by the board.

READY RELIEF.

Universal Brotherhood Receives Contributions for Sufferers in Cuba.

There has been a hearty response to the call for aid made by the Universal Brotherhood in behalf of the suffering Cubans and Fillipinos. The rooms of the brotherhood, on East Berry street, were open all day yesterday, and a committee was on hand to receive the donations, which consisted of wearing apparel, canned goods, jellies, medicines and other articles too numerous to mention. These goods, with others that are received between this time and next Monday, will be shipped to Mrs. Katherine Tingley, president of the society, who will sail shortly for Havana to attend in person to the distribution of the goods.

At a monthly conference of the Associated Charities, held at the city hall yesterday afternoon, Mrs. Helen F. Guild, the president, delivered an address in which she spoke of the work of the past year and made suggestions for the work of the next year. She advocated closer co-operation with the charitable work of the churches and asked for more interest and encouragement for the labor yard and the woman's work room.

PROGRESS IN CUBA.

Laborers in Santiago Strike for More Pay.

Cubans Employed by General Wood to Clean the City Adopt Modern Methods of Protest.

SANTIAGO DE CUBA, Nov. 4.—The Cubans who have been employed in cleaning and repairing the streets of Santiago have struck for higher wages, though they have been receiving a dollar a day or fifty cents and two rations, higher wages than have ever before been paid for similar work.

In fact, local employers of labor have been complaining of this high rate, alleging that it was quite impossible for them to compete with the government on such terms. The Cuban laborers at the best are lazy and slipshod. They want an increase of fifty cents a day.

Gen. Leonard Wood absolutely refuses to accede to the demand and will adopt heroic measures if the strike is not promptly declared off.

The trouble is that many strikers have rations enough on hand to last a month or more and they think they can coerce the United States authorities.

General Wood says he will arrest every laborer able to work, and under a vagrancy law which he will establish, compel him to work for thirty days for rations while confined in jail.

He dislikes the idea of importing labor but believes that this must be the ultimate result.

General Wood visited the yellow fever hospital to make an inspection. He found one patient suffering from Bright's disease, but that there had not been a case of yellow fever under care for two months. He has censured Dr. Ducker, superintendent of the hospital, for making an appeal for American relief stores and he will probably abolish the hospital altogether at an early date.

Collector Donaldson has returned from Gibara with $40,000 customs receipts at that place. He reports that there is considerable small pox in the neighborhood of Holguin but no yellow fever.

Colonel Hood's Second Immune regiment is encamped at Gibara, in a healthy locality, waiting to occupy Holguin on November 10th.

General Demitrius Castillo, who is assisting in the work of organizing the military department in that district, is busy engaging men for gendarmie, accepting men only of good physique.

Colonel Ray, who has returned from Guantanamo, says that the Cuban general, Perez, is about to grant indefinite furlough to his men to enable them to go to work, the reason apparently being that many are practically starving and would have gone to work anyhow.

CHRISTIAN CITIZENSHIP.

Call for a Convention to be Held in Washington in December.

WASHINGTON, Nov. 4.—A call has been issued for a National Christian Citizenship convention to be held December 13 to 15 next. The subjects to be discussed are:

"Should suffrage be limited by educational tests or otherwise in the new island territories?"

"Should civil service reform be extended to the new island offices?"

"Should the national laws forbidding prize fights, bull fights, restricting divorce and forbidding bigamy and related evils be extended to our new island territories?"

"Should the American civil Sabbath be also extended to these islands?"

"Should the canteen be abolished?"

"Should the policy of prohibition be maintained in Alaska and the Indian territory and extended to our new island territories?"

The call is signed by Josiah Strong, president of Society for Social Service, New York; Anthony Comstock, secretary of the Society for the Prevention of Vice, New York; Mrs. Mary Hunt, W. C. T. U., Boston; Mrs. M. D. Ellis, W. C. T. U., Newark, and others.

THE EARTH TREMBLED.

Mysterious Explosion Convulses Three Counties in Ohio.

ZANESVILLE, Ohio, Nov. 4—A terrific explosion at 10:45 last night was heard throughout the three counties of Muskingum, Morgan and Guernsey.

The shock rocked buildings in this city like an earthquake. So far, however, all efforts to discover whence the shock originated have proved futile. That it was something other than a quaking of the earth seems certain from the very distant report, like the firing a cannon, which preceded a long reverberating rumble.

URGE PINGREE'S DEFEAT.

Revolt of Stalwart Michigan Republicans Openly Expressed.

GRAND RAPIDS, Mich., Nov. 4.—The widespread revolt among stalwart Michigan republicans from Governor Pingree and his campaign methods, has taken tangible form here. His defeat is openly urged in a manifesto signed by twenty leading Grand Rapids republicans. He is assailed as a demagogue and character assassin, is branded as an enemy to the party, and his defeat next Tuesday is urged as a measure necessary to republican purification in Michigan.

After denouncing the governor as "a demagogue, unrepublican, an enemy to the republican party and principles, and a disturber and disorganizer," the manifesto declares:

"For these and other reasons, actuated only by a high sense of duty as citizens and republicans, realizing the time has come for manhood to assert itself, for disloyalty to the party to be rebuked, for arrogance and slander to be denounced, for ingratitude assassination of character to be protested, for the republican party to be purified and its future made secure, we appeal to the sturdy, true republicans of Michigan to cast their ballots on November 8th against Hazen S. Pingree for governor."

The signers are all Burrows republicans, with William H. Anderson as the most prominent. Four are bank presidents and ten others are bank directors. Similar manifestoes are being prepared among the manufacturers, business and professional men, and will also be pushed in other quarters.

LOOTED BY WEYLER.

Raped Philippine Treasury of Millions.

Gigantic Robbery Unearthed by General Otis at Manila--Innocent Ones Punished for the Crime.

SAN FRANCISCO, Nov. 4.—A special from Manila, September 26, says:

Direct evidence connecting General Weyler, of Cuban fame, with the wholesale looting of the Phillippine treasury has been unearthed in Bilibid prison.

Maximiana Rosales and Julian Reyes, sent to prison as scapegoats for official thieves, have been liberated by order of Major General Otis, but deliverance came to late for a third prisoner convicted of the same crime, for he died in Bilibid eight days before the American army entered the city.

When Captain Moffet, superintendent of the prisons, began his investigations of the cases of the prisoners confined in Bilibid, Rosales and Reyes declared that they were unjustly suffering for the crimes of others and begged that their cases be reopened.

They averred that Weyler and his associates had looted the treasury of $1,300,000 in Mexican silver and that they had been accused of crime and sent to jail. Moffett made a report of the matter to General MacArthur and an examination of the books at the treasury was ordered.

The latter showed that during the time of Weyler several immense sums of money had been withdrawn and there was an unsatisfactory showing as to the disposition of it. Rosales was one of the cashiers at the treasury and goes so far as to declare that Weyler himself came to the treasury to aid in the crime as he alleges.

It has been decided to make a full investigation of the case.

The insurgents are still collecting tribute from residents of Manila and it seems almost impossible to check them. Almost at the doors of the headquarters of the First Colorado a rebel recruiting station and court were discovered. Four young natives drafted into the rebel army refused to go and they were placed under arrest and an effort made to take them by force. The entire staff at the rebel headquarters was arrested for abduction, and it was then learned that some preposterous fines had been levied on two Chinese by the court. The rebel officers are on trial before Col. Charles W. Jewitt in the provost court and they will be severely dealt with.

Headboards have been erected over the graves of the Astor battery dead who lie in the native cemetery and their effects have been sold at auction, bringing large sums. A coat belonging to Private Dunn brought $20 and a tobacco pouch $12. The money will be sent to relatives.

The German cruiser Princess Wilhelm is now in the harbor.

Capt. W. H. Oury, of company B, First Nebraska regiment, has been made second lieutenant in the Twenty-third infantry.

CONSUMPTION CURE.

Dr. J. B. Murphy's Treatment Has Worked With Success.

CHICAGO, Nov. 4.—Dr. J. B. Murphy's new treatment for consumption has apparently worked its first cures. The patients are William B. Purcell and J. C. Edwards, who have been undergoing the treatment for a little over three months. The treatment is that which excited wide interest when presented in a paper read by Dr. Murphy before the American Medical association at Denver this summer.

There are now between sixty and seventy patients taking the treatment.

The Cook county hospital for consumptives, a charitable institution with accommodations for 380 patients, which will be opened here next week, will try the treatment on an extended scale.

GEN. A. D. M'COOK IS ILL.

Malarial Fever Attacks the War Investigation Commissioner.

WASHINGTON, Nov. 4.—General Anson D. McCook, one of the members of the war investigation commission, is confined to the Columbian university hospital suffering from an attack of malarial fever.

He returned Wednesday from the trip to southern camps made by the commission, and, having been ill for several days, was advised by his physician to go to the hospital. His illness is said to be not serious.

WITH STRONG HAND.

How Dowager Empress of China is Running Things.

Ancient Order is Restored and Sinecures Abolished by Young Emperor Are Revived.

WASHINGTON, D. C., Nov. 4.—Recent edicts of the dowager empress of China, copies of which have been received by Mr. Wu, the Chinese minister here, show with what a strong hand the empress is directing the affairs of the government and overcoming some of the ultra reform tendencies of the young emperor which cropped out just before the empress assumed the reins of office.

One of the recent edicts restores the ancient departments of Pekin and the governorships of the outlying country, which had been abolished not many weeks ago by an edict of the emperor.

These places had been presided over by some of the most prominent men of China, who have grown gray in the country's service. They were handed down from father to son, and great dignity as well as considerable profit attached to the offices. There was little work for them, however, and following the reform tendencies of the western world against sinecures the emperor by edict abolished all the offices, bureaus and governorships which he regarded as supernumerary.

While this made a considerable saving in the Chinese finances, it stripped many of the venerable officials of China of all their dignity and emoluments.

This came so suddenly that much sympathy was aroused for the officials, who had been enjoying life tenures up to that time.

The empress dowager now restores the old regime and in a recent edict the departments at Pekin and the governorships through the country are placed on the same basis they had before the emperor's edict.

Another edict by the empress dowager directs that the temples be used exclusively for religious rites and not as schools. The emperor had previously inaugurated a marked reform in directing that many of the old temples throughout the empire be turned into school houses, in order that education might be fostered.

But the empress dowager, while upholding the desirability of education, does not want the ancient temples of China turned into school houses if it is possible to secure schools elsewhere.

She therefore directs that the temples be used exclusively for worship, except when no school facilities are available elsewhere, or when the temples have been turned to immoral uses.

In each case the action of the empress dowager is a return to the ancient methods of the country, and and is accepted with favor by the conservative element as well as by those who desire reform so long as they can be brought about without doing violence to the traditions of centuries.

CRUELTY ENDS DANCE.

Cheyenne Buck Injures a Kitten and Crowd Breaks Up the Show.

WICHITA, Kan., Nov. 4.—Precipitate leave of the city was taken yesterday by a number of Cheyenne Indians who had been giving exhibition dances. During a dance a kitten was caught by a young squaw, who induced it to exhibit its cuteness, often kissing it to the delight of the audience. A jealous young buck seized the little animal and threw it upon the ground with all his strength. Some women rushed into the circle and picked up the then helpless kitten. The crowd followed and rushed the Indian who did the act out of the grounds. The performance was broken up at once by the spectators, and the Indians found it convenient to leave the city at once.

SHOOTS HIS WIFE AND SELF.

Marion Tyler Attempts Murder and Suicide at Scottsburg, Ind.

SCOTTSBURG, Ind., Nov. 4.—Marion Tyler yesterday attempted to kill his wife, Laura, by shooting her twice, one shot taking effect in the left shoulder, the other in the left side of the face. The woman fell and he turned the revolver and shot himself twice. The woman will recover, but Tyler will die. He married the woman about one year ago and removed to Indianapolis, where she left him on account of cruelty. Since then Tyler has been here several times, trying to induce her to return, which she refused.

TALKED OF FAITH.

A Heart-Touching Appeal by Miss Downey.

Progress of the Revival at Berry Street M. E. Church--Interest is Unabated.

The services at the Berry street M. E. church continues to manifest a marked degree of interest. Yesterday afternoon and last night the church was filled with anxious people, who were waiting to hear the Gospel of Jesus Christ in all its beauty and purity. They were not disappointed, for the noted evangelist was never more eloquent than she was last night and yesterday afternoon.

The subject for the afternoon discourse was "The Complete Consecration." The entire congregation was lifted up, and many were led to renew their vows unto the Lord.

The subject of the last night's service was "Faith." Miss Downey read from the eleventh chapter of Hebrews, and asked: "What is the definition of faith? Faith in the minds of some people is not very well defined." She read of the faith of Moses, and of Abraham and of Enoch, to show it divinely possible for the humblest child of God to walk by faith in this service of God. She continued:

"Faith includes the idea of hope, and when one has hope, he must have it in its two elements—desire and expectation. These two things are the elements of hope. Faith also includes surrender, and this surrender must be unconditional, else God will not accept it. How many are saying tonight that 'if Pentecost means that I must erect a family altar, and be constant in my devotions to God, then I am not quite ready to make the surrender to God?' Oh, my friends it will pay you to this moment to come to the Lord Jesus Christ, and let him take full possession of your life. Two blind men came to him and said, 'Lord, that we may receive our sight.' Christ said unto them, 'Cans't thou believe?' They might have said unto him, 'Well, Master, if there is any of the optic nerve left, or if sight has not been wholly destroyed, or if we had not been born blind, we might believe.' But they said nothing of this kind. They said, 'Lord, we do believe,' and Christ generously and lovingly said unto them, 'Be whole.'"

The sermon closed with a stirring appeal to the unsaved to come to Christ and exercise faith in Christ and be saved.

A number answered the call and crowded the altar with penitents who were seeking for salvation. This evening will be Miss Downey's last appearance in our city. All friends are invited to this grand rally service tonight. The meetings will be continued next week.

Miss Jonkinson, superintendent of the Relief Union, has begun her annual collection for the maintenance for that society. The funds of the society have become exhausted and it is hoped that a generous response will be given to her appeal.

they contain Alcohol. Sick kidneys should not be fed on Alcohol—it aggravates the disease. Uthah Kidney Beans are solid; they are concentrated; and they act directly on the kidneys.

Rev. Roland Hull, an eminent clergyman of the Baptist Church, residing at Williamsport, Tennessee, endorses **Utah Kidney Beans** for the great relief his wife received from using them. Rev. Mr. Hull is known from one end of the State of Tennessee to the other, having been in the ministry for over half a century. This good man would not endorse a medicine or anything else unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give **Utah Kidney Beans** a standing that no other kidney remedy in the country has. Mrs. Hull received great benefit from the use of **Utah Kidney Beans**; they gave her new strength—and new life. They will lift all sufferers from kidney troubles out of sick beds and restore them to vigorous health. Strength begins to return after the first few doses.

SHOP AND RAIL.

A Manufacturer Wants to Locate Here.

A Car Builder Attacked by a Strange Malady—Big Business at the Wabash Shops—Local Affairs.

For several days two gentlemen who represent a firm engaged in the manufacture of gas engines have been in the city, endeavoring to secure suitable quarters for a factory, and if they succeed they will immediately remove their works here. For reasons of their own the gentlemen request that their names be not published until the matter of their coming here has been settled definitely. Yesterday they looked over the property of the Standard Wheel company, formerly Olds' spoke factory, and it is understood that they are satisfied with the property and will endeavor to lease it. The gas engine firm is a good customer of the Bass Foundry and Machine company, who make all its castings, and one of the inducements for them to come here is to get near the foundry and thus save a vast sum yearly in freight. They also are desirous of securing better shipping facilities than their present location affords. They are employing fifty or sixty men at present and if they come to Fort Wayne they will enlarge their business to the extent of employing double that number of men.

SERVED A QUARTER OF A CENTURY.

Henry W. Kruse yesterday passed the twenty-fifth anniversary of his service with the Pennsylvania company and during all that time he never missed a pay day. By this is meant that not a single months passed that he did not step up to the pay car and draw upon it for services rendered. This record is all the more remarkable because Mr. Kruse is only thirty-eight years old today. He was thirteen when he commenced working for the company. He is an engineer.

A GOOD SHOWING.

During the month of October, just past, there were repaired and turned out of the Wabash shops in this city twenty-seven engines. At present there are thirteen engines in the hands of the machinists, in various stages of repair. For the past year the men in the Wabash shops have been very busy, turning out from sixteen to twenty-five engines every month.

A CAR BUILDER'S MISFORTUNE.

K. Meier, of 149 Ewing street, is in a serious condition at his home, being afflicted with spinal troubles which have rendered him helpless. Two weeks ago he fell while at work at the east car shops, striking upon his back upon a Jouney coupler and hurting himself severely. He recovered, however, in a week and resumed work. Wednesday he was taken with pains in his neck and arms and went home. From that hour he has gradually grown worse until now he is unable to move his arms at all and the disease is spreading to other parts of his body. It is not known whether the fall brought Mr. Meier to this pitiable condition, but it is quite likely that it hastened the malady.

RAILROAD BUSINESS IN SIBERIA.

Rapid increase in business of the Siberian railroad is shown by a report to the state department at Washington by Consul Smith, at Moscow, who says that it has been found necessary already to send a commission along the road to determine some means of increasing its traffic capabilities. It is said that one means of accomplishing this will be to increase the gauge, while the number of trains daily is to be increased from three to seven. There will be considerable increase of rolling stock and more powerful engines than the six-axled engines now in use will be obtained. All these improvements will cost $8,000,000, notwithstanding which a general reduction in the railroad fares will be made shortly in Russia.

A. C. Havland, of the Pittsburg shops, has purchased the Mrs. Julia F. Randall residence, on Maple avenue, a fine piece of property, which will be his future home. The W. E. Doud agency made the sale.

Louis Kinnaird resumed his duties in the motive power department of the Pittsburg this morning, having only recently returned from his wedding tour. Mr. and Mrs. Kinnaird will board in Lakeside until spring, when they intend to go to housekeeping.

The five local railway brotherhoods will hold a meeting in Indianapolis on Sunday for the purpose of getting better acquainted with each other. Some of the leaders of the brotherhoods are expected to be present. Such meetings have been very beneficial in Fort Wayne.

HEART DISEASE.

Some Facts Regarding the Rapid Increase of Heart Troubles.

Do Not be Alarmed, but Look for the Cause.

Heart troubles, at least among Americans, are certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real, organic heart disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by branches of the same great nerves, the Sympathetic and Pneumogasrics.

In another way, also, the heart is affected by that form of poor digestion, which causes gas and fermentation from half digested food; there is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interforing with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, makes it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can best be done by the regular use, after meals, of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular, persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Common Prices FOR Uncommon Clothes.

About half the clothing worn by the male population of Fort Wayne comes from Sam, Pete & Max. About all the trouble comes from the other half. When the entire population wear Sam, Pete & Max's clothes, "Sorrow and Trouble Will Flee Away." Our prices are common enough; you'll find just such prices as ours in any store--but the clothing! "Ah, there's the rub." That is where the uncommon part comes in. Sam, Pete & Max's clothes at anybody's prices keeps the store full all the time.

Sam, Pete & Max's Suits and Overcoats.

All the newest and best there is, in fabric, make, style and trimmings, are in them. They are all made to fit and bound to wear. You have seen such prices before, but such clothing, never. Prices are $7.50, $10.00, $12.00.

Fine Raiment.

Do you wish to be clothed in that kind? Then come to Sam, Pete & Max's and see the line of Suits and Overcoats in that department. Why pay $25.00 to $40.00 for a fine suit, when we can fit you out at $15.00, $18.00 and $20.00.

Boys' Knee Pants Suits.

That line we show at $2.45 and $2.95 seems to startle some folks. We have seen suits which sold for $5.00 that compare favorably with those we offer at above prices. Lots of finer ones up to $8.00 a suit.

Underwear.

Don't risk the light weights any longer. It's getting too late. See our line of part wool, all wool or pure cotton, if you can't wear wool. Prices common, goods the other kind.

If We Cannot Save You Money, Don't Buy Our Goods.

SPANIARDS REFUSE.

Propositions of American Envoys Rejected.

No Counter-Proposition Was Presented.

Negotiations Have Not Been Broken Off.

Philippine Question Discussed at Joint Session—Adjournment Taken Until Next Tuesday.

PARIS, Nov. 4.—The joint session of the peace commissioners today lasted two hours. The Spaniards refused the propositions made by the Americans on Monday last, but the negotiations were not broken off. While it is believed that no formal counter-proposition was made, there was a discussion of the Philippine question outside the lines of the American propositions. The commissions then adjourned until Tuesday next.

THE CRISIS IN PARIS.

Paris, Nov. 4.—A statement is printed here today with much prominence that at today's joint session of the peace commissions the Americans will insist upon a complete surrender of Spain's sovereignty over the Philippine Islands and that, in the event of the Spanish commissioners refusing to agree to this, Judge Day, president of the American commission, acting under instructions from Washington, will present an ultimatum to the Spaniards.

It is further alleged that this seeming haste is due to a desire to settle the negotiations before the elections in the United States take place. Reference is made to these allegations in view of the fact that they may have also been circulated in the United States.

But there is no truth in the statements made. No ultimatum is contemplated and there is no probability of drastic measures being taken by the Americans. The two commissions are now considering an open question and the Americans expect to patiently weigh all the points involved and to carefully consider the arguments of the Spaniards.

The two commissions met at 2 o'clock this afternoon. The Americans were aware, before the session opened, that the Spaniards would decline their proposal made on Monday last.

The Madrid today says it has been informed on absolutely reliable authority that Spain will refuse to discuss the unconditional surrender of the Philippine Islands. Spain, it is further asserted, had made particular reservation concerning the retention of the Philippine Islands, and the Spanish minister of foreign affairs, Duke Almodovar de Rio, had himself, at the time of signing the peace protocol, stipulated that the island of Luzon alone should remain occupied by the American troops while the peace negotiations were in progress, and that Spain would resume sovereignty over the archipelago as soon as a more liberal form of government over the islands should have been decided upon.

The Freund says:

"The claims of the United States on the Philippine islands are looked upon with disfavor at St. Petersburg. The powers of the United States of America proving too obstinate on this point, be provoked to protest."

The Evenement says:

"Your money or your life,' is the attitude taken by America in regard to Spain. The latter, having no money, offers Porto Rico and the abandonment of Cuba and thinks she has thus discharged her ransom.

"'Pardon me,' answers Jonathan, 'you yet have the Philippine islands, which are only an encumbrance to you. I will relieve you of them. Why? Because, with Formiane, I have the strongest reasons for so doing.'"

CLOSED WITH A RALLY.

The Prohibitionists End Their Campaign With Enthusiastic Speeches.

The prohibitionists closed their campaign yesterday by giving a final rally at the city hall. Meetings were held in the afternoon and evening. The chief spirit at the meetings was the Rev. Aaron Worth, of the Wesleyan church, of Bristol, Jay county, Ind. He delivered two strong temperance talks. Henry C. Schrader, prohibition candidate for congress, presided at the meeting and music for the occasion was furnished by the preachers' quartet. Perhaps 100 voters attended the meetings and there was a fair sprinkling of women, most of whom were members of the W. C. T. U.

"BEN HUR" TONIGHT.

Home Talent Will Appear in This Extraordinary Entertainment at the Temple.

Clark's superb spectacular piece, "Ben Hur," for which preparations have been going on several weeks, will be presented on the Temple stage this evening by home talent. The advance sale has been good and a good house is expected. There will be a matinee tomorrow afternoon, which will be largely attended by ladies and children, and tomorrow evening will be given the closing performance. The ladies of Trinity church, under whose auspices the entertainment is given, are deserving of praise for bringing to the city such a magnificent attraction and it is to be hoped that their efforts will be appreciated by a liberal patronage. A car load of special scenery is used in the production of "Ben Hur."

CLOSE OF CAMPAIGN.

Hon. S. E. Morss Will Speak at City Hall Tonight.

The Brilliant Editor Will Talk to the Citizens of His Old Home—Other Meetings.

Hon. Samuel E. Morss, editor of the Indianapolis Sentinel, will address the citizens of Fort Wayne this evening at the city hall, practically closing the campaign in the city for the democrats. Mr. Morss is a gifted writer and on the rostrum ranks as one of the best orators of the state. Twenty years ago he was editor of THE SENTINEL and everybody who knew him then will want to hear him now. Mr. Morss has always been a thorough and consistent democrat and was honored by President Cleveland, who appointed him consul to Paris. Those who attend the meeting are certain to hear an able discussion of the political issues of the day.

Hon. R. S. Taylor and Dr. C. B. Steinen will make republican speeches at the Princess rink tonight. The meeting has been extensively advertised and personal letters were sent to republicans to attend the meeting.

Hon. James M. Barrett, Bob Shirley and Ed Orff addressed a large audience of democrats and republicans in Jourdan's hall in the Eighth ward last evening.

SCORNED MARCHAND

The Frenchman Made Overtures to the Khalifa.

Sent French Flags to be Hoisted at Omdurman.

Offered Dervish Chief Protection of France.

Letter and Flags Now in Possession of the English—A Story That Has Excited London.

NEW YORK, Nov. 4.—A dispatch to the Times from London says:

A story of the greatest gravity, circulating among persons in touch with official quarters, alleges that when Major Marchand reached Fashoda he sent two messengers with three French flags to the khalifa and a letter saying if the khalifa hoisted those flags at Omdurman he would be under the protection of "the great French nation" and the British would not fire upon him.

The khalifa replied that two British "dogs" had attacked Sondan; one "dog" named Gordon had been killed, while the other "dog" named Kitchener he was about to kill.

He would then wipe out the French. Both of those letters and the three flags are said to have been captured by the sirdar's officers.

WILL WITHDRAW FROM FASHODA.

PARIS, Nov. 4.—A semi-official note issued this evening says the government has resolved not to retain the Marchand column at Fashoda, adding that this decision was arrived at by the cabinet after an exhaustive examination of the question. The government, replying to an interpellation to be asked in the chamber of deputies, will avail itself of the opportunity to explain the motives for this resolution.

WILL GROW HERE.

A. M. Schmidt Raised Three Cotton Plants in His Yard.

Joan Frost's Visit Quite Too Early and the Seeds Were All Frozen—Three Hundred of Them.

Another Day Which Will Tax the Capacity of Our Store.

A. M. Schmidt this morning showed THE SENTINEL a cotton boll taken from a plant grown in his yard at No. 95 East Washington street. The boll was frozen, but with two weeks more of warm weather would have ripened. Mr. Schmidt planted four cotton seeds last spring and three of them grew into producing plants. In these plants are almost three hundred bolls. Mr. Schmidt is confident that had he planted the seeds two weeks sooner the bolls would have ripened. This experiment, as well as others that have been made, demonstrates that the northern summers are too short for it to be practicable to raise cotton here.

TROOPS MOVING UP.

Chinese Forces Approaching the City of Pekin.

In in Violation of Promise Made to the Powers.

Kang-Yu Obtains Great Influence Over Dowager Empress.

Foreign Drilled Troops Near at Hand and There May be a Collision of Rival Forces.

PEKIN, Nov. 4.—In spite of the formal promises of the Chinese foreign office, there is every indication of a concerted movement of Chinese troops in the neighborhood of the capital.

It is said that Kang-Yu, the high Manchur official, who was next in rank to the late Prince Kwang in the Kleen-Kiang-Tchou, or council of state, has obtained great influence over the dowager empress. He is bitterly anti-foreign and hopelessly conservative. It is probable that Kang-Yu was the instigator of the edict re-establishing the bow and arrow exercise for the Chinese soldiers.

It is reported that Yuan-Shek-Hai, the Chinese general, in command of the foreign drilled troops at Tien Tsin and an officer whose power is much dreaded by the dowager empress and her advisers, has received a great of money, ostensibly for the purpose of increasing the strength of his division to 30,000 men "if time shows that the dowager empress can rely upon his fidelity."

It has been said that Yuan-Shek-Hai might use his troops in conformity with the views of the foreign ministers at Pekin.

THE Pantons is in the habit of taking things too easy to succumb to any storm that ever blew through the Windward Passage. While yet a Spanish boat the big transport surrendered to the little lighthouse tender Mangrova, which did not mount a gun and had no armament heavier than a horse pistol. She was one of the richest prizes of the war and didn't rout a shot.

JACOB MOSKEY, of New York, has by application to the courts had the name of his son, Rolf, who is a budding musical genius, changed to Brandt Rantzau, on the ground that the real name being plebeian and unattractive would have retarded the boy's artistic career, while the assumed cognomen, being romantic, picturesque and musical, will assist him to popularity and fame.

THE attorney general of South Carolina has just made a ruling relative to what the size of a graveyard may be. He says the size is not limited by law, and may be a mile square or more. The land must not be used for any other purpose than as a burial place, and the graveyard must not be held with a view to profit or speculation. The case came up in the matter of the seizure of the old Maverick plantation graveyard, in Pickens county, for back taxes.

TO BE sure you are right before going ahead is a precept that could have been beneficently practiced by several hundred people of Waterbury, Conn., who the other day made a run on a savings bank on a rumor that the bank was in straits. After about $50,000 had been withdrawn it was discovered by the excited Nutmeggers that they were assaulting the wrong bank. It was another institution that was shaky.

REV. DR. PARKHURST, who is this year much more than he wants to be, a looker-on in New York, has got this far: "I do not say that I shall or that I shall not vote for him (Roosevelt), but I do say that at the very moment when the Grubers and the Payns are knifing him on election day some of his friends that he has turned his back upon will be depositing for him a ballot that means admiration for the man at the same time that it means abhorrence of the candidate."

EXPANSION means a lot of things that the people should discuss and study and become familiar with before such a policy is adopted and its fulfillment begun. More territory, alien interests and responsibilities and ten millions of Malays to keep in subjection may be what the people of the United States want and may be inescapable from our national destiny. But let us decide on those grave matters without harmful excitement and appeal to partisan passion. So much is involved in these strange responsibilities, whose fruits for good or ill will be garnered in perpetual consequences, that when the country decides on treading paths as yet unblazed the wisdom and the patriotism of the country should be one.

MUNICIPAL AFFAIRS.

Finance Committee Cuts Down an Appropriation.

Board of Works Gets $500 Less Than Was Asked for—Hoffius Ha-Haes Translated by the Board.

The committee on finance last evening met in the clerk's office and discussed the ordinances appropriating $3,000 for street cleaning and repair work. The board of works asked for $2,000 for street cleaning purposes and $1,000 for repair work and the ordinances as introduced carried for these sums. The committee, after a thorough discussion, decided to cut down the street cleaning appropriation to $1,500 and the appropriation for repairs to $700. A recommendation will be made that $2,500 instead of $3,000 be appropriated.

BOARD OF WORKS.

The board met to hear remonstrances to certain improvements but there were no objectors present.

The bond of Fred W. Schmidt, for the raising and relaying of sidewalks in front of his premises was approved.

Sealed proposals were opened for the improvement by grading, of the alley between the Maumee road and Oak street, from Division street to Clinton street, and the clerk announced that but one bid had been filed. It was the proposal of John Hoffius, who agreed to grade the alley named at the rate of 8 cents a running foot, and the contract was awarded to him at that price.

No objections or remonstrances were filed against the paving of the alley between Main and Berry streets, from Haldon Lane to Webster street, and the resolution providing for the same was approved.

The resolution providing for the pavement of the alley between Jefferson and Lewis streets, from Calhoun to Harrison street, was confirmed, there being no remonstrances against it.

In the case of improvement resolution No. 161, providing for the pavement of the alley between Calhoun and Harrison streets, from Lewis street to Jefferson street, there had been a remonstrance filed at a previous meeting and the resolution was rescinded last evening.

Improvement resolution No. 162, providing for the construction of a brick sidewalk on the east side of Caroline street, from Pontiac west to Sutterfield street, was rescinded, as was the resolution providing for the construction of a vitrified brick sewer between Main street and Elm street, from the St. Mary's river to Hoosier street.

Local sewer resolution No. 57, providing for the construction of a vitrified clay pipe sewer under the alley south of Putnam street, from Andrew street to Sherman street, was confirmed, there being no objections to the same.

The assessment rolls for the paving of High street were approved by the board.

READY RELIEF.

Universal Brotherhood Receives Contributions for Sufferers in Cuba.

There has been a hearty response to the call for aid made by the Universal Brotherhood in behalf of the suffering Cubans and Filipinos. The rooms of the brotherhood, on East Berry street, were open all day yesterday, and a committee was on hand to receive the donations, which consisted of wearing apparel, canned goods, jellies, medicines and other articles too numerous to mention. These goods, with others that are received between this time and next Monday, will be shipped to Mrs. Katherine Tingley, president of the society, who will sail shortly for Havana to attend to person to the distribution of the goods.

At a monthly conference of the Associated Charities, held at the city hall yesterday afternoon, Mrs. Helen F. Guild, the president, delivered an address in which she spoke of the work of the past year and made suggestions for the work of the next year. She advocated closer cooperation with the charitable work of the churches and asked for more interest and encouragement for the labor yard and the women's room.

PROGRESS IN CUBA.

Laborers in Santiago Strike for More Pay.

Cubans Employed by General Wood to Clean the City Adopt Modern Methods of Protest.

SANTIAGO DE CUBA, Nov. 4.—The Cubans who have been employed in cleaning and repairing the streets of Santiago have struck for higher wages, though they have been receiving a dollar a day or fifty cents and two rations, higher wages than have ever before been paid for similar work.

In fact, local employers of labor have been complaining of this high rate, alleging that it was quite impossible for them to compete with the prevailing rate of wages. The Cuban laborers at the best are lazy and slipshod. They want an increase of fifty cents a day.

Gen. Leonard Wood absolutely refuses to accede to the demand and will immediately send all of the strikers to jail promptly declared off.

The trouble is that many strikers have rations enough on hand to last a month or more and they think they can coerce the United States authorities.

General Wood says he will arrest every laborer able to work, and under a vagrancy law which he will establish, compel him to work for thirty days for rations while confined in jail.

He dislikes the idea of importing labor but believes that this must be the ultimate result.

General Wood visited the yellow fever hospital to make an inspection. He found one patient suffering from Bright's disease, but that there had not been a case of yellow fever under care for two months. He has censured Dr. Dreker, superintendent of the hospital, for making an appeal for American relief stores and he will probably abolish the hospital altogether at an early date.

Collector Donaldson has returned from Gibara with $10,000 customs receipts at that place. He reports that there is considerable small pox in the neighborhood of Holguin but not in the city.

General Hood's Second Immune regiment is encamped at Gibara, in a healthy locality, waiting to occupy Holguin on November 10th.

General Demitrio Castillo, who is assisting in the work of organizing the military department in that district, is busy engaging men for gendarme, accepting men only of good physique.

Colonel Ray, who has returned from Guantanamo, says that the Cuban general, Perez, is about to grant indefinite furlough to his man to enable them to go to work, the reason apparently being that many are practically starving and would havegone to work anyhow.

CHRISTIAN CITIZENSHIP.

Call for a Convention to be Held in Washington in December.

WASHINGTON, Nov. 4.—A call has been issued for a National Christian Citizenship convention to be held December 13 to 15 next. The subjects to be discussed are:

"Should suffrage be limited by educational tests or otherwise in the new island territories?"

"Should civil service reform be extended to the new island offices?"

"Should the national laws forbidding prize fights, bull fights, restricting divorce and forbidding bigamy and related evils be extended to our new island territories?"

"Should the American civil Sabbath be also extended to these islands?"

"Should the canteen be abolished?"

"Should the policy of prohibition be maintained in Alaska and the Indian territory and extended to our new island territories?"

The call is signed by Josiah Strong, president of Society for Social Service, New York; Anthony Comstock, secretary of the Society for the Prevention of Vice, New York; Mrs. Mary Hunt, W. C. T. U., Boston; Mrs. M. D. Ellis, W. C. T. U., Newark, and others.

THE EARTH TREMBLED.

Mysterious Explosion Convulses Three Counties in Ohio.

ZANESVILLE, Ohio, Nov. 4—A terrific explosion at 10:45 last night was heard throughout the three counties of Muskingum, Morgan and Guernsey.

The shock rocked buildings in this city like an earthquake. So far, however, all efforts to discover whence the shock originated have proved futile. That it was something other than a quaking of the earth seems certain from the very distant report, like the firing a cannon, which preceded a long reverberating rumble.

URGE PINGREE'S DEFEAT.

Circuit of Stalwart Michigan Republicans Openly Expressed.

GRAND RAPIDS, Mich., Nov. 4.—The widespread revolt among stalwart Michigan republicans from Governor Pingree and his campaign methods, has taken tangible form here. His defeat is openly urged in a manifesto signed by twenty leading Grand Rapids republicans. He is assailed as a demagogue and character assassin, is branded as an enemy to the party, and his defeat next Tuesday is urged as a measure necessary to republican purification in Michigan.

After denouncing the governor as "a demagogue, unrepublican, an enemy to the republican party and principles, and a disturber and disorganizer," the manifesto declares:

"For these and other reasons, actuated only by a high sense of duty as citizens and republicans, realizing the time has come for manhood to assert itself, for fidelity to the party to be rebuked, for arrogance and slander to be denounced, for ingratitude assassination of character to be protested; for the republican party to be purified and its future made secure, we appeal to the sturdy, true republicans of Michigan to cast their ballots on November 8th against Hazen S. Pingree for governor."

The signers are all Burrows republicans, with William H. Anderson as the most prominent. Four are bank presidents and ten others are bank directors. Similar manifestoes are being prepared among the manufacturers, business and professional men, and will also be pushed in other quarters.

LOOTED BY WEYLER.

Raped Philippine Treasury of Millions.

Gigantic Robbery Unearthed by General Otis at Manila—Innocent Ones Punished for the Crime.

SAN FRANCISCO, Nov. 4.—A special from Manila, September 26, says:

Direct evidence connecting General Weyler, of Cuban fame, with the wholesale looting of the Philippine treasury has been unearthed in Manila prison.

Maximiliana Rosales and Julian Reyes, sent to prison as scapegoats for official thieves, have been liberated by order of Major General Otis, but deliverance came too late for a chief prisoner convicted of the same crime, for he died in Bilibid eight days before the American army entered the city.

When Captain Moffet, superintendent of the prisons, began his investigations of the cases of the prisoners confined in Bilibid, Rosales and Reyes declared that they were unjustly suffering for the crimes of others not begged that their cases be reopened.

They averred that Weyler and his associates had looted the treasury of $1,300,000 in Mexican silver and that they had been accused of crime and sent to jail. Moffett made a report of the matter to General MacArthur and an examination of the books at the treasury was ordered.

The latter showed that during the time of Weyler several immense sums of money had been withdrawn and there was an unsatisfactory shortage as to the disposition of it. Rosales was one of the cashiers at the treasury and goes so far as to declare that Weyler himself came to the treasury to aid in the crime as he alleges.

It has been decided to make a full investigation of the case.

The insurgents are still collecting tribute from residents of Manila and it seems almost impossible to check them. Almost at the doors of the headquarters of the First Colorado a rebel recruiting station and court were discovered. Four young natives drafted into the rebel army refused to go and they were placed under arrest and an effort made to take them by force. The entire staff at the rebel headquarters was arrested for abduction, and it was then learned that some proposecution fund had been levied on the Chinese by the court. The rebel officers are on trial before Col. Charles W. Jowitt in the provost court and they will be severely dealt with.

Headboards have been erected over the graves of the Astor battery dead who lie in the native cemetery and their effects have been sold at auction, bringing large sums. A coat belonging to Private Bunn brought $20 and a tobacco pouch $12. The money will be sent to relatives.

The German cruiser Princess Wilhelm is now in the harbor.

Capt. W. H. Cary, of company B, First Nebraska regiment, has been made second Lieutenant in the Twenty-third infantry.

CONSUMPTION CURE.

Dr. J. B. Murphy's Treatment Has Worked Wonders.

CHICAGO, Nov. 4.—Dr. J. B. Murphy's new treatment for consumption has apparently worked its first cures. The patients are William B. Purcell and J. C. Edwards, who have been undergoing the treatment for a little over three months. The treatment is a fluid, which excited wide interest when presented in a paper read by Dr. Murphy before the American Medical association at Denver this summer.

There are now between sixty and seventy patients taking the treatment.

The Cook county hospital for consumptives, a charitable institution with accommodations for 360 patients, which will be opened here next week, will try the treatment on an extended scale.

WITH STRONG HAND.

How Dowager Empress of China Is Running Things.

Ancient Order is Restored and Sincerers Abolished by Young Emperor Are Revived.

WASHINGTON, D. C., Nov. 4.—Recent edicts of the dowager empress of China, copies of which have been received by Mr. Wu, the Chinese minister here, show with what a strong hand the empress is directing the affairs of the government and overcoming some of the ultra reform tendencies of the young emperor which cropped out just before the empress assumed the reins of office.

One of the recent edicts restores the ancient departments of Pekin and the governorships of the outlying country, which had been abolished not many weeks ago by an edict of the emperor.

Then places had been presided over by some of the most prominent men of China, who have grown gray in the country's service. They were handed down from father to son, and great dignity as well as considerable profit attached to the offices. There was little work for them, however, and following the reform tendencies of the western world against sinecures the emperor by edict abolished all the offices, bureaus and governorships which he regarded as supernumerary.

While this made a considerable saving in the Chinese finances, it stripped many of the venerable officials of China of all their dignity and emoluments.

This was considered that much sympathy was aroused for the officials, who had been enjoying life tenure up to that time.

The empress dowager now restores the old regime and in a recent edict the departments at Pekin and the governorships through the country are placed on the same basis they had before the emperor's edict.

Another edict by the empress dowager directs that the temples be used exclusively for religious rites and not as schools. The emperor had previously inaugurated a marked reform in directing that many of the old temples throughout the empire be turned into school houses, in order that education might be fostered.

But the empress dowager, while upholding the desirability of education, does not want the ancient temples of China turned into school houses if it is possible to secure schools elsewhere.

She therefore directs that the temples be used exclusively for worship, except when no school facilities are available elsewhere, or when the temples have been turned to immoral uses.

In each case the action of the empress dowager is a return to the ancient methods of the country, and is accepted with favor by the conservative element as well as by those who desire reform so long as they can be brought about without doing violence to the traditions of centuries.

CRUELTY ENDS DANCE.

Cheyenne Buck Injures a Squaw and Crowd Breaks Up the Show.

WICHITA, Kan., Nov. 4.—Precipitate leave of the city was taken yesterday by a number of Cheyenne Indians who had been giving exhibition dances. During a dance a kitten was caught by a young squaw, who induced it to exhibit its cuteness, often kissing it to the delight of the audience. A jealous young buck seized the little animal and threw it upon the ground with all his strength. Some women rushed into the circle and picked up the then helpless kitten. The crowd followed and rushed the Indian who did the act out of the grounds. The performance was broken up at once by the spectators, and the Indians found it convenient to leave the city at once.

SHOOTS HIS WIFE AND SELF.

Marion Tyler Attempts Murder and Suicide at Scottsburg, Ind.

SCOTTSBURG, Ind., Nov. 4.—Marion Tyler yesterday attempted to kill his wife, Laura, by shooting her twice, one shot taking effect in the left shoulder, the other in the left side of the face. The woman fell and he turned the revolver and shot himself twice. The woman will recover, but Tyler will die. He married the woman about one year ago and removed to Indianapolis, where she left him on account of cruelty. Since then Tyler has been here several times, trying to induce her to return, which she refused.

TALKED OF FAITH.

A Heart-Touching Appeal by Miss Downey.

Progress of the Revival at Berry Street M. E. Church—Interest is Unabated.

The services at the Berry street M. E. church continues to manifest a marked degree of interest. Yesterday afternoon and last night the church was filled with anxious people, who were waiting to hear the Gospel of Jesus Christ in all its beauty and purity. They were not disappointed, for the noted evangelist was never more eloquent than she was last night and yesterday afternoon.

The subject for the afternoon discourse was "The Complete Consecration." The entire congregation was lifted up, and many were led to rejoice their vows unto the Lord.

The subject of the last night's service was "Faith." Miss Downey read from the eleventh chapter of Hebrews, and asked: "What is the definition of faith?" Faith in the minds of some people is not very well defined." Then read of the faith of Moses, and of Abraham and of Enoch, to show it divinely possible for the humblest child of God to walk by faith in his service of God. She continued:

"Faith includes the idea of hope, and when one has hope, he must have it in its two elements—desire and expectation. These two things are the elements of hope. Faith also includes surrender, and this surrender must be personal ritual, else God will not accept it. How many are saying tonight that 'if Pentecost means that I must erect a family altar, and be constant in my devotions to God, then I am not quite ready to make the surrender to God?' So, my friends it will pay you in this moment to come to the Lord Jesus Christ, and let him take full possession of your life. Two blind men came to him and said, 'Lord, that we may receive our sight.' Christ said unto them, 'Can't thou believe?' They might have said unto him, 'Well, Master, if there is any of the optic nerve left, or if sight has not been wholly destroyed, or if we had not been born blind, we might believe.' But they said nothing of this kind. They said, 'Lord, we do believe,' and Christ answered by and lovingly said unto them, 'Be whole.'"

The sermon closed with a stirring appeal to the unsaved to come to Christ and exercise faith in Christ and be saved.

A number answered the call and crowded the altar with penitents who were seeking for salvation. This evening will be Miss Downey's last appearance in our city. All friends are invited to this grand rally service tonight. The meetings will be continued next week.

Miss Jenkinson, superintendent of the Relief Union, has begun her annual collection for the maintenance for that society. The funds of the society have become exhausted and it is hoped that a generous response will be given to her appeal.

SHOP AND RAIL.

A Manufacturer Wants to Locate Here.

A Car Builder Attacked by a Strange Malady—Big Business at the Wabash Shops—Local Affairs.

For several days two gentlemen who represent a firm engaged in the manufacture of gas engines have been in the city, endeavoring to secure suitable quarters for a factory, and if they succeed they will immediately remove their works here. For reasons of their own the gentlemen request that their names be not published until the matter of their coming here has been settled definitely. Yesterday they looked over the property of the Standard Wheel company, formerly Olds' spoke factory, and it is understood that they are satisfied with the property and will endeavor to lease it. The gas engine firm is a good customer of the Bass Foundry and Machine company, who make all its castings, and one of the inducements for them to come here is to get near the foundry and thus save a vast sum yearly in freight. They also desire access of soaring better shipping facilities than their present location affords. They are employing fifty or sixty men at present and if they come to Fort Wayne they will enlarge their business to the extent of employing double that number of men.

SERVED A QUARTER OF A CENTURY.

Henry W. Kruse yesterday passed the twenty-fifth anniversary of his service with the Pennsylvania company and during all that time he never missed a pay day. By this is meant that not a single months passed that he did not step up to the pay car and draw upon it for services rendered. This record is all the more remarkable because Mr. Kruse is only thirty-eight years old today. He was thirteen when he commenced working for the company. He is an engineer.

A GOOD SHOWING.

During the month of October, just past, there were repaired and turned out of the Wabash shops in this city seventy-seven engines. At present there are thirteen engines in the hands of the machinists, in various stages of repair. For the past year the men in the Wabash shops have been very busy, turning out from sixteen to twenty-five engines every month.

A CAR BUILDER'S MISFORTUNE.

K. Meier, of 143 Ewing street, is in a serious condition at his home, being afflicted with spinal troubles which have rendered him helpless. Two weeks ago he fell while at work at the east car shops, striking upon his back upon a Jonney coupler and hurting himself severely. He recovered, however, in a week and resumed work. Wednesday he was taken with pains in his neck and arms and went home. From that hour he has gradually grown worse until now he is unable to move his arms at all and the disease is spreading to other parts of his body. It is not known whether the fall brought Mr. Meier to this pitiable condition, but it is quite likely that is hastened the malady.

RAILROAD BUSINESS IN SIBERIA.

Rapid increase in business of the Siberian railroad is shown by a report to the state department at Washington by Consul Smith, at Moscow, who says that it has been found necessary already to send a commission along the road to determine some means of increasing its traffic capabilities. It is said that one means of accomplishing this will be to increase the gauge, while the number of trains daily is to be increased from three to seven. There will be considerable increase of rolling stock and more powerful engines than the six-axled engines now in use will be obtained. All these improvements will cost $8,000,000, notwithstanding which a general reduction in the railroad fares will be made shortly in Russia.

A. C. Harland, of the Pittsburg shops, has purchased the Mrs. Julia F. Randall residence, on Maple avenue, a fine piece of property, which will be his future home. The W. E. Dond agency made the sale.

A. Donichel, a car builder at the east car shops, has been transferred to the carpenter department under Foreman Henry Shuster, to take the place vacated by Mr. Klingenberger, who has been promoted to the foremanship of the cab building department.

Louis Klinefelt resumed his duties in the motive power department of the Pittsburg this morning, having only recently returned from his wedding tour. Mr. and Mrs. Klinefelt will board in Lakeside until spring, when they intend to go to housekeeping.

The five local railway brotherhoods will hold a meeting in Indianapolis on Sunday for the purpose of getting better acquainted with each other. Some of the leaders of the brotherhoods are expected to be present. Such meetings have been very beneficial in Fort Wayne.

HEART DISEASE.

Some Facts Regarding the Rapid Increase of Heart Troubles.

Do Not be Alarmed, but Look for the Cause.

Heart troubles, at least among Americans, are certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs of poor digestion.

Real, organic heart disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by branches of the same great nerves, the Sympathetic and Pneumogastric.

In another way, also, the heart is affected by that form of poor digestion, which causes gas and fermentation from half digested food; there is a feeling of oppression and heartness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, makes it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can best be done by the regular use, after meals, of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular, persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of the tablets sold by druggists at 50 cents.

Common Prices FOR Uncommon Clothes.

About half the clothing worn by the male population of Fort Wayne comes from Sam, Pete & Max. About all the trouble comes from the other half. When the entire population wear Sam, Pete & Max's clothes, "Sorrow and Trouble Will Flee Away." Our prices are common enough; you'll find just such prices as ours in any store—but the clothing! "Ah, there's the rub." That is where the uncommon part comes in. Sam, Pete & Max's clothes at anybody's prices keeps the store full all the time.

Sam, Pete & Max's Suits and Overcoats.

All the newest and best there is, in fabric, make, style and trimmings, are in them. They are all made to fit and bound to wear. You have seen such prices before, but such clothing, never. Prices are $7.50, $10.00, $12.00.

Fine Raiment.

Do you wish to be clothed in that kind? Then come to Sam, Pete & Max's and see the line of Suits and Overcoats in that department. Why pay $25.00 to $40.00 for a fine suit, when we can fit you out at $15.00, $18.00 and $20.00.

Boys' Knee Pants Suits.

That line we show at $2.45 and $2.95 seems to startle some folks. We have seen suits which sold for $5.00 that compare favorably with those we offer at above prices. Lots of finer ones up to $8.00 a suit.

Underwear.

Don't risk the light weights any longer. It's getting too late. See our line of part wool, all wool or pure cotton, if you can't wear wool. Prices common, goods the other kind.

GREAT BANKRUPT SALE OF

DRY GOODS, NOTIONS AND CLOAKS!

Beginning Saturday Nov. 5th 1898.

On November 1, by order of the Superior Court, the entire stock formerly owned by Dunn & Taft, 54 Calhoun St., was ordered sold at Public Sale. We purchased the same at the

Low Price of 46c on the Dollar.

Beginning at above date at THEIR OLD STAND, we will offer this New and Elegant Stock at just about one-half what you would have to pay for similar goods at other stores.

THIS GREAT SALE

Comes as a distinct surprise to people who know values and demonstrates the fact, beyond a doubt, that no matter whether you wish to buy Silks, Dress Goods, Wraps, Hosiery, Underwear, Calicoes, Muslins or anything whatsoever in the Dry Goods line, you can do better at this sale than at any other store in Northern Indiana.

We challenge a comparison of our prices with all houses and all markets. We are in a position to sell any well-informed buyer who will take the time to thoroughly examine our claims to their patronage.

What We Say is Positively Bonafide.

To compare this with the many FAKE SALES would be doing yourself an INJUSTICE.

COME SURE, ONE AND ALL.
